Welcome

WELCOME, we are a small but enthusiastic bunch of
photographers.

Our talents range from beginners through brilliant amateurs to
professionals, but one thing stands out above all, we are all
equals

OUR aim is to encourage the enjoyment of photography and better
image creation through discussion, demonstrations, tutorials and
competition.

Activities

Our fortnightly winter meetings held on a Monday evening starting at 7.30pm has a programme that usually consists of:-

A mini-comp (2 digital images which are judged by the members then critiqued).

A slide show or AV given by a member or guest and/or a tutorial.

During the summer months we try to have a regular evening excursion/trip to an interesting location to, you guessed it,
Take Photos

Trade Deals and Discounts
